JOB DESCRIPTION

Designation: DevOps Engineer - Senior Company: Ashgrove Cloud Infrastructure Experience Required: 5 to 7 Years Location: Noida, Uttar Pradesh Work Mode: Hybrid

COMPANY BACKGROUND Ashgrove Cloud Infrastructure provides managed cloud infrastructure and DevOps consulting services to mid-size enterprises migrating to AWS and Azure.

JOB RESPONSIBILITIES - Design, implement and maintain CI/CD pipelines for multiple client projects - Manage and optimize Kubernetes clusters across staging and production environments - Automate infrastructure provisioning using Terraform/CloudFormation (Infrastructure as Code) - Set up and maintain monitoring, logging and alerting systems (Prometheus, Grafana, ELK) - Lead incident response for production outages and conduct post-mortems - Collaborate with development teams to improve deployment reliability and reduce release cycle time - Implement security best practices across cloud infrastructure (IAM, network policies, secrets management) - Mentor junior DevOps engineers and review their infrastructure code

REQUIRED SKILLS - 5+ years of experience in DevOps/SRE/Cloud Infrastructure roles - Strong hands-on experience with AWS (EC2, VPC, S3, RDS, IAM) or Azure equivalent - Proficiency with Kubernetes and Docker in production environments - Experience with Infrastructure as Code tools (Terraform preferred) - Strong scripting skills (Bash, Python, or Go) - Experience with CI/CD tools (Jenkins, GitLab CI, or GitHub Actions) - Solid understanding of networking fundamentals and cloud security practices

PREFERRED SKILLS - Relevant certifications (AWS Certified DevOps Engineer, CKA) - Experience with service mesh technologies (Istio) - Exposure to multi-cloud environments

EDUCATIONAL QUALIFICATION BE/BTech in Computer Science, IT, or related engineering discipline

INTERVIEW PROCESS Round 1: HR Screening Round 2: Technical Assessment (scripting + troubleshooting scenario) Round 3: System/Infra Design Interview Round 4: Hiring Manager Round Round 5: HR & Offer Discussion

COMPENSATION INR 20 - 27 LPA (based on relevant experience and certifications)
